What is Shopping?

1999 Valerie Weber Recalls what it was like to help out in the family grocery store and to go shopping in Milwaukee, Wisconsin, during the 1940s.

2012-09-28 Dara O'Rourke Where public policy fails, can consumer choices lead the way to more ethical and sustainable production practices? "Buy local," "buy green," "buy organic," "fair trade"—how effective has the ethical consumption movement been in changing market behavior? Can consumers create fair and sustainable supply chains by shopping selectively? Dara O'Rourke, the activist-scholar who first broke the news about Nike's sweatshops in the 1990s, considers the promise of ethical consumption—the idea that individuals, voting with their wallets, can promote better labor conditions and environmental outcomes globally. Governments have proven unable to hold companies responsible for labor and environmental practices. Consumers who say they want to support ethical companies often lack the knowledge and resources to do so consistently. But with the right tools, they may be able to succeed where governments have failed. Responding to O'Rourke's argument, eight experts—Juliet Schor, Richard Locke, Scott Nova, Lisa Ann Richey, Margaret Levi, Andrew Szasz, Scott Hartley, and Aurret van Herdeen—consider the connections between personal concerns and consumer activism, challenge the value of entrusting regulation to consumer efforts, and draw attention to difficulties posed by global supply chains.

2003 Laura Byrne Paquet Tracing the cultural evolution of shopping from outdoor bazaars to suburban malls, this brazen look at the history and psychology of one of humankind's oldest pursuits considers the variety of reasons (and excuses) that drive the impulse to buy. An opulent collection of shopping places are described, including ancient markets, covered arcades of 18th-century France, gallerias of 19th-century Italy, and megamalls of 1950s America. Examples from literature and other sources explore the historically conflicted attitudes about shopping, it seems that fashionistas have always fought over the trendiest hemlines and hats. The development of buying options is detailed, from mail order catalogs and Internet stores to retail districts and massive supermarkets.

2018-10-24 Sharon Zukin This accessible, smart, and expansive book on shopping's impact on American life is in part historical, stretching back to the mid-19th century, yet also has a contemporary focus, with material on recent trends in shopping from the internet to Zagat's guides. Drawing inspiration from both Pierre Bourdieu's work and Walter Benjamin's seminal essay on the shopping arcades of 19th-century Paris, Zukin explores the forces that

have made shopping so central to our lives: the rise of consumer culture, the never-ending quest for better value, and shopping's ability to help us improve our social status and attain new social identities.

2008-04-01 Susan Middleton Elya A quick trip to the supermercado? Not with Bebe in the shopping cart. Just as Mama is ready to throw up her manos, she gives sweet Bebe a box of animal cookies. A dulce, at last! Then they're off to the checkout line, smiling all the way. Includes a glossary of Spanish words.

2010-10 Michelle A. Gonzalez What could be more mundane or less religious than shopping? Yet shopping asks us to choose our values and weigh the good in everyday terms. It also brings us instantly in contact with the myriad relationships and labor of people all over the world who have grown, harvested, or crafted the food, clothes, and other items with which we sustain and adorn our lives. Michelle Gonzalez, whose work on spirituality has lifted up the life practices of Latina women, explores the rich material on economic activity and relationships in the Christian tradition and the larger pertinence of our actions in an era of globalized economic interconnection. Shopping focuses on the practice of shopping and its relationship to Christian spirituality and asks: How does Christian justice and solidarity play a role in the ways in which we value and spend our money? Can shopping be a Christian act? Can it be sinful?

1998-06-18 Mercer Mayer A classic Little Critter book perfect for Mother's Day! Mercer Mayer's Little Critter is off to the grocery store with his mom and siblings in this classic, funny, and heartwarming book. Whether he wants to

push the cart, pick the best apples, or get his sister out of the candy aisle, both parents and children alike will relate to this beloved story. A perfect way to teach kids about being on their best behavior!

2017-08-31 Matt Lashley From the Introduction: Let me first explain what this book is not about. It is not about every place on the Strip where you can possibly shop. Neither have I restricted myself to talking about shopping exclusively on the Strip. There is a discussion of some of the highlights of shopping throughout the valley as well. As far as the Strip goes, I have limited the discussion to those areas that are large retail centers that resemble traditional malls. Many of the larger casinos have a certain amount of shopping in them. Examples include the Bellagio, Monte Carlo, the MGM and Mandalay Bay to name a few. But the retail stores at these hotels are limited in number, and many of the stores can be found elsewhere in the larger shopping centers. This is especially true in places like the Bellagio. If you are staying on the Strip, you may want to limit your shopping interests to the main retail venues, but if you are interested in the full range of retail centers in the valley, you will find other parts of the book interesting as well. Some of these shopping venues are located near hotels in other parts of the Las Vegas area, so if you are staying off the Strip, one of these venues may be near you. I have also tried to include the highlights of these shopping sites, other than specific retail stores and restaurants. Even without buying anything, many of these shopping venues are an attraction all by themselves.

2021-12-14 Tessa Bailey A USA TODAY BESTSELLER! A sizzling, standalone, feel-good winter romance from Tessa Bailey, New York Times bestselling author of It Happened One Summer. Two weeks before Christmas and all through Manhattan, shop windows are decorated in red and green satin. I'm standing alone in front of the famous Vivant department store, when a charming man named Aiden asks my opinion of the décor. It's a tragedy in tinsel, I say, unable to lie. He asks for a better idea with a twinkle in his eye. Did I know he owned the place? No. He put me on the spot. Now I'm working for that man, trying to ignore that he's hot. But as a down on her luck girl with a difficult past, I know an opportunity when I see one - and I have to make it last. I'll put my heart and soul into dressing his holiday windows. I'll work without stopping. And when we lose the battle with temptation, I'll try and remember I'm just window shopping. Why readers love Window Shopping 'The perfect holiday romance story! A true delight!' Amazon review 'The perfect reverse grumpy-sunshine holiday romance-Aiden and Stella brightened my holiday season!' Amazon review 'Snuggle down under a cover with this book and you will end up feeling happy, contented and with a satisfied smile and sigh at the end...' Amazon review

2024-10-10 Sally Gardner Costa and Carnegie winning author and artist's timeless, enchanting picture book, about shopping with the fairies in Silverbell Street. In Silverbell

Street the shops are always open, if you believe in fairies. You can buy a cloak of invisibility or magic lamp, an umbrella that will transport you to the stars, eat flying fairy cakes at the Foxglove Restaurant, or join the fairies as they try on sparkly new dancing shoes and ball gowns and much much more. Familiar giants, fairies and witches will encourage children to find characters hidden in the illustrations.

2010 Matt Harvey A small girl is out shopping with her Dad, and their trip turns into quite the adventure. A lovely study of a father-daughter relationship.

2003-10-14 Thomas Hine Shopping has a lot in common with sex. Just about everybody does it. Some people brag about how well they do it. Some keep it a secret. And both provide ample opportunities to make foolish choices. Choosing and using objects is a primal human activity, and I Want That! is nothing less than a portrait of humanity as the species that shops. It explores the history of acquisition -- finding, choosing, spending -- from our amber-coveting Neolithic forebears to Renaissance nobles who outfitted themselves for power to twenty-first-century bargain hunters looking for a good buy on eBay. I Want That! explores the minds of shoppers in the quest to nourish and feed fantasies, to define individuality, to provide for family, and to satisfy the needs for celebration, power, and choice -- all of which lead us to malls, boutiques, websites, and superstores.

2014-11-25 Deborah C. Andrews We all shop. The essays in this wide-ranging anthology demonstrates how a material culture perspective—a focus on the mutual creation of people and their things—yields significant

insights into multiple aspects of consumption in American culture.

1967 Beulah Spigelgass Roth

1992-10-01 Alexandra Day When Carl is told to mind the baby at a department store, the faithful Rottweiler and his little friend do some mischievous exploring.

2019 Sally Derby Miller Sunday nights are special for Evie and Grandma. That's when they go on their weekly shopping spree. Grandma flips open the newspaper to see what's advertised, and the imaginary tour of neighborhood stores begins. Toting a wallet filled with colorful pretend bills, Evie and Grandma take turns "buying" whatever catches their fancy. A big chunk of ham, a "sofa with a secret," and a dress with spangles are just a few of the treasures they "purchase." Most special of all is the jewelry box Evie chooses for the gold heart necklace Mama gave her before leaving to serve in the army--and the bouquet of flowers Evie leaves as a surprise for Grandma. Overflowing with whimsy and a sweet grandmother-granddaughter relationship, this picture book is a joyous celebration of imagination, family love, and making a lot out of what you've got.

2018-11 Kristal Leebrick Relive the glory days of retail--when a trip to the department store was a special occasion--with nostalgic stories and vintage photos and ads.
