2010-09-07 Students of John Marshall High School "Life doesn't always go the way we want it to; sometimes we fail. The same thing happens when people learn to ride a bike; sometimes we wobble, and sometimes we fall. That's okay. That's how we learn. But sometimes, we wonder if we should just quit. That's when we remember. Just as we never really forget how to ride a bike, we never really forget the lessons we've learned, our bittersweet accomplishments in life. These things are a part of us; they're our guides along the way. They help us overcome all of life's obstacles--the bumps in the road, the flat tires, the steep hills--and take us one step closer to riding off into the sunset. So we remember, and we get back up. We get back on our bikes, and we keep going."-Publisher's description

2016-07-26 David Shannon In this off-beat book perfect for reading aloud, a Caldecott Honor winner shares the story of a duck who rides a bike with hilarious results. One day down on the farm, Duck got a wild idea. "I bet I could ride a bike," he thought. He waddled over to where the boy parked his bike, climbed on, and began to ride. At first, he rode slowly and he wobbled a lot, but it was fun! Duck rode past Cow and waved to her. "Hello, Cow!" said Duck. "Moo," said Cow. But what she thought was, "A duck on a bike? That's the silliest thing I've ever seen!" And so, Duck rides past Sheep, Horse, and all the other barnyard animals. Suddenly, a group of kids ride by on their bikes and run into the farmhouse, leaving

the bikes outside. Now ALL the animals can ride bikes, just like Duck! Praise for Duck on a Bike "Shannon serves up a sunny blend of humor and action in this delightful tale of a Duck who spies a red bicycle one day and gets "a wild idea" . . . Cluck!"), and the result is one swell read-aloud, packed with freewheeling fun." —Publishers Weekly "Grab your funny bone—Shannon . . . rides again! . . . That's when you and your brothers get inventive and build a bike from scratch, using everyday items like an old milk pot (maybe Mum is still using it, maybe not) and a used flour

2020-06-03 Bill Poindexter Preface: I brought all this

information together, in a very simple way, so you, the person who wants to travel by bike, can! So go for a long or short ride and experience the Earth and its inhabitants. In 2000, I was a very different person, I was very focused on material possessions, money, work, and although I was passionate about the Earth and nature I had let my false need for respect from others to creep its way into my life; I gained weight and became dangerously unhealthy. I came across an Adventure Cyclists Magazine in a bookstore, which made me pine for travel and to be healthy. I admired people I saw walking and bicycling for transportation. I started to walk and bicycle for transportation, eventually becoming completely car-free. I downsized my lifestyle. I lost over 240 pounds over a period of 12 years, and eventually started to travel by bike. Now I teach how to travel by bike. I write these words to inspire, and I share the other peoples - words, art, links, and info so you can responsibly learn the basics of bike travel. Let me know how you like this book and send me your thoughts. Bill Poindexter, May 3rd, 2020. Kansas City, Missouri, USA. Bill Poindexter is a Kansas City based author
