2009-09-01 Ginger Wadsworth Imagine a U.S. president on a camping trip! It seems unlikely today, but in May 1903, President Theodore Roosevelt dismissed his Secret Service men to go camping with John Muir, the world-famous naturalist. For three glorious nights and four days in California's Yosemite National Park, the two men talked about birds, giant sequoia trees, glaciers, as well as the importance of preserving wilderness for future generations. They slept under the stars, built blazing campfires, and enjoyed the beauty and the uniqueness of the area. Setting aside new national parks and monuments became one of the cornerstones of Roosevelt's presidency and was a direct result of this camping trip. Author Ginger Wadsworth and illustrator Karen Dugan carefully researched this true story, relying on primary documents and working closely with experts in the field.

2001 Johnny Molloy If you subscribe to the opinion that televisions, Japanese lanterns, and electric guitars are not essential camping equipment, The Best in Tent Camping should be your constant companion. The Best in Tent Camping: The Southern Appalachian & Smoky Mountains is a guidebook for tent campers who like quiet, scenic, and serene campsites. It's the perfect resource if you

blanch at the thought of pitching a tent on a concrete slab, trying to sleep through the blare of another camper's boombox, or waking to find your tent surrounded by a convoy of RVs. Painstakingly selected from hundreds of campgrounds in eastern Tennessee, northern Georgia, and western North and South Carolina, each campsite is rated for beauty, noise, privacy, security, spaciousness, and cleanliness. Each campground profile provides essential details on facilities, reservations, fees, and restrictions, as well as an accurate, easy-to-read map making the campground a snap to locate.

2011-06-15 Matt Willen Between the state's two major population centers, Pittsburgh and Philadelphia, Pennsylvania offers the outdoor enthusiast thousands of square miles of hills, forests, and rivers to pursue a variety of outdoor activities--hiking, bicycling, skiing, fishing, boating, and camping. The Best In Tent Camping: Pennsylvania provides a guide to the fifty best places in the state to pitch a tent and spend the night without being bothered by the noise of loud portable stereos, large recreational vehicles, and crowds. In addition to providing campers with essential information about each campground (including season, rates, facilities, and how to reserve a site), the guide identifies the best sites at the best campgrounds, offers information on exciting day trips, suggests hikes and

activities accessible from the campgrounds, and describes the flora and fauna campers might encounter on a trip. From the Pocono Mountain region to the Allegheny National Forest, the Laurel Highlands to the suburbs of Philadelphia, The Best in Tent Camping: Pennsylvania is an indispensable guide for the person who likes to sleep in a tent not far from the convenience of the car.

2013-03 Andrew Slade For RV and tent campers, seasoned experts and those new to camping, this guidebook shows a fun and inexpensive way to get out in the Lake Superior region. Camping the North Shore not only gets you to the best of the best campsites, it gives you great ideas of what to see and do when you're there. Unpack the perfect North Shore vacation!

2019-11-13 David a Osei Taking the whole family out for camping is lot of fun. As a kid, my parents took me for camping throughout the length of the Eastern Seaboard. Spending time on the huge Atlantic Ocean as well as innumerable little water bodies, and even on the St. Lawrence Seaway was great fun. Not only this, we also paid a visit to many of the states in the U.S. and provinces of Canada. My family is not that rich to afford all the luxuries but if we could go out for this exotic vacation, we owe that to camping. For all those who haven't given camping a thought, these reasons should be sufficient for you to consider it once. The sole purpose why family camping is becoming popular by the day is that it is very cheap. Camping can bring down expenses on food and lodging by a big margin. To add to it, many camping grounds provide free or cheap means of recreation and entertainment

facilities. For those busy with the hectic life at home, camping is a time to relish as it brings the entire family together to spend quality time with. Most of the family holiday plans by the tourism industry offers destinations with targets the kids and parents mainly, so the entire family is barred from being close to each other. A primary reason for families to

venture out together is to enjoy by burying their actual busy life for the time being, and camping is a better way to do it than most of the so-called family plans. Also, camping will generate innumerable memories in the child's mind that he will carry with him till old-age. The experience of it on account of games, adventures, etc. will help you understand

yourself and your child, and besides bringing the two closer, it will give birth to memories that can be cherished for life. Location for camping with the family may either be close to the home or at a distant place, but spending quality time with the family without any modern distractions will help develop the bond of the family.
