2007-12-18 Valerie Martin WINNER OF THE ORANGE PRIZE • Set in 1828 on a Louisiana sugar plantation, this novel from the bestselling author of *Mary Reilly* presents a “fresh, unsentimental look at what slave-owning does to (and for) one's interior life.... The writing—so prized and clean limbed—is a marvel” (Toni Morrison, Nobel Prize-winning author of *Beloved*). *Manon Gaudet*, pretty, bitterly intelligent, and monstrously self-absorbed, seethes under the dominion of her boorish husband. In particular his relationship with her slave Sarah, who is both his victim and his mistress. Exploring the permutations of Manon's own obsession with Sarah against the backdrop of an impending slave rebellion, *Property* unfolds with the speed and menace of heat lightning, casting a startling light from the past upon the assumptions we still make about the powerful and powerful.

2012 Colleen E. Medill Softbound - New, softbound print book.

2016-04-21 Peter Iwaniszewski This book gives you an in-depth insight into the world of property investment, and shows the core fundamentals on how to be successful. Having been involved in hundreds of successful deals for himself and clients, Peter has noticed patterns of what makes a successful investment, and also what mistakes to avoid.

2011-07-01 Stuart Banner In America, we are eager to claim ownership: our homes, our ideas, our organs, even our own celebrity. But beneath our nation's proprietary longing looms a troublesome question: what does it mean to own something? More simply: what is property? The question is at the heart of many contemporary controversies, including disputes over who owns everything from genetic material to indigenous culture to music and film on the Internet. To decide if and when genes or culture or digits are a kind of property that can be possessed, we must grapple with the nature of property itself. How does it originate? What purposes does it serve? Is it a natural right or one created by law? Accessible and mercifully free of legal jargon, *American Property* reveals the perpetual challenge of answering these questions, as new forms of property have emerged in response to technological and cultural change, and as ideas about the appropriate scope of government regulation have shifted. This first comprehensive history of property in the United States is a masterly guided tour through a contested human institution that touches all aspects of our lives and desires. Stuart Banner shows that property exists to serve a broad set of purposes, constantly in flux, that render the idea of property itself inconstant. Despite our ideals of ownership, property has always been a means toward other ends. What property signifies and what property is, we come to see, has consistently changed to match the world we want to acquire.

2010-03-02 Beryl Satter Part family story and part urban history, a landmark investigation of segregation and urban decay in Chicago -- and cities across the nation The "promised land" for thousands of Southern blacks, postwar Chicago quickly became the most segregated city in the North, the site of the nation's worst ghettos and the target of Martin Luther King Jr.'s first campaign beyond the South. In this powerful book, Beryl Satter identifies the true causes of the city's black slums and the ruin of urban neighborhoods throughout the country: not, as some have argued, black pathology, the culture of poverty, or white flight, but a widespread and institutionalized system of legal and financial exploitation. In Satter's riveting account of a city in crisis, unscrupulous lawyers, slumlords, and speculators are pitched against religious reformers, community organizers, and an impassioned attorney who launched a crusade against the profiteers—the author's father, Mark J. Satter. At the heart of the struggle stand the black migrants who, having left the South with its legacy of sharecropping, suddenly find themselves caught in a new kind of debt peonage. Satter shows the interlocking forces at work in their oppression: the discriminatory practices of the banking industry; the federal policies that created the country's shameful "dual housing market"; the economic anxieties that fueled white violence; and the tempting profits to be made by preying on the city's most vulnerable population. *Family Properties: Race, Real Estate, and the Exploitation of Black Urban America* is a monumental work of history, this tale of racism and real estate, politics and finance, will forever change our understanding of the forces that transformed urban America. "Gripping . . . This painstaking portrayal of the human costs of financial racism is the most important book yet written on the black freedom struggle in the urban North."—David Garrow, *The Washington Post*

1998-03 Marcia Miller Easy games, poems, mini-books, reproducible, and memorization strategies for kids of all learning styles.

1946 United States. Congress. House. Committee on Merchant Marine and Fisheries

2011-02-21 Scott Leckie Housing, land and property (HLP) rights, as rights, are widely recognized throughout international human rights and humanitarian law and provide a clear and consistent legal normative framework for developing better approaches to the HLP challenges faced by the UN and others seeking to build long-term peace. This book analyses the ubiquitous HLP challenges present in all conflict and post-conflict settings. It will bridge the worlds of the practitioner and the theorist by combining an overview of the international legal and policy frameworks on HLP rights with dozens of detailed case studies demonstrating country experiences from around the world. The book will be of particular interest to professors and students of international relations, law, human rights, and peace and conflict studies but will have a wider readership among practitioners working for international institutions such as the United Nations and the World Bank, non-governmental organizations, and national agencies in the developing world.

2012 John G. Sprankling *Understanding Property Law* is a comprehensive and authoritative treatise from our *Understanding* series that is suitable for use in conjunction with any Property casebook. Features include: Complete coverage of all standard property topics, including landlord-tenant law, adverse possession, rights in personal property, estates and future interests, marital property, land sale transactions, servitudes, nuisance, zoning, takings, and other land use issues; Analysis of cutting-edge topics, such as property rights in human bodies, current takings issues, the new Restatement (Third) of Property (Servitudes), rights and duties of homeowners' associations, and property rights in personal names and likenesses; Discussion of the policy and historical underpinnings of property law doctrines; and Clear writing and detailed organization to facilitate student understanding of both basic concepts and controversial topics.

2022-11-03 Ehtisham Ahmad This book presents a new approach to recurrent property taxation based on occupancy, size, and location, that will strengthen local governments. Reflecting on the concept of “beneficial property taxation” first proposed by Alfred Marshall, the political economy constraints faced by traditional property taxation are examined and compared with evidence for beneficial property tax seen in China, Mexico, and sub-Saharan Africa. The benefits of this form of taxation are highlighted in relation to the financing of local public services and infrastructure that are required for sustainable development. This book provides a policy-oriented look at property taxation that engages with the sustainable development goals and lay the foundations for a post-pandemic recovery. It will be relevant to researchers and policymakers interested in development economics and the governance of taxation.

2020-07-21 Mary Ruefle Author of *Madness, Rack, and Honey* (“One of the wisest books I've read in years,” according to the *New York Times*) and *Trances of the Blast*, Mary Ruefle continues to be one of the most dazzling poets in America. *My Private Property*, comprised of short prose pieces, is a brilliant and charming display of her humor, deep imagination, mindfulness, and play in a finely crafted edition. *Personalia* When I was young, a fortune-teller told me that an old woman who wanted to die had accidentally become lodged in my body. Slowly, over time, and taking great care in following esoteric instructions, including lavender baths and the ritual burial of keys in the backyard, I rid myself of her presence. Now I am an old woman who wants to die and lodged inside me is a young woman dying to live; I work on her. Mary Ruefle is the author of *Trances of the Blast*; *Madness, Rack, and Honey: Collected Lectures*, a finalist for the 2013 National Book Critics Circle Award in criticism; and *Selected Poems*, winner of the William Carlos Williams Award. She has published ten other books of poetry, a book of prose (*The Most of It*), and a comic book, *Go Home and Go to Bed!*; she is also an erasure artist whose treatments of nineteenth-century texts have been exhibited in museums and galleries as well as published in the book *A Little White Shadow*. Ruefle is the recipient of

numerous honors, including an Award in Literature from the American Academy of Arts and Letters, a Guggenheim fellowship, a National Endowment for the Arts fellowship, and a Whiting Award. She lives in Bennington, Vermont and teaches in the MFA program at Vermont College.

2015-10-28 Brandon Turner No matter how great you are at finding good rental property deals, you could lose everything if you don't manage your properties correctly! But being a landlord doesn't have to mean middle-of-the-night phone calls, costly evictions, or daily frustrations with ungrateful tenants. Being a landlord can actually be fun IF you do it right. That's why Brandon and Heather Turner put together this comprehensive book that will change the way you think of being a landlord forever. Written with both new and experienced landlords in mind, *The Book on Managing Rental Properties* takes you on an insider tour of the Turners' management business, so you can discover exactly how they've been able to maximize their profit, minimize their stress, and have a blast doing it! Inside, you'll discover: - The subtle mindset shift that will increase your chance at success 100x! - Low-cost strategies for attracting the best tenants who won't rip you off. - 7 tenant types we'll NEVER rent to--and that you shouldn't either! - 19 provisions that your rental lease should have to protect YOU. - Practical tips on training your tenant to pay on time and stay long term. - How to take the pain and stress out of your bookkeeping and taxes. - And much more!

1991

2009 Franz von Benda-Beckmann As an important contribution to debates on property theory and the role of law in creating, disputing, defining and refining property rights, this volume provides new theoretical material on property systems, as well as new empirically grounded case studies of the dynamics of property transformations. The property claimants discussed in these papers represent a diverse range of actors, including post-socialist states and their citizens, those receiving restitution for past property losses in Africa, Southeast Asia and in eastern Europe, collectives, corporate and individual actors. The volume thus provides a comprehensive anthropological analysis not only of property structures and ideologies, but also of property (and its politics) in action.

2020-09-14 Maheen Ashraf Are you interested in Real Estate but scared of failure? Are you afraid that a little knowledge might end up costing you an immense fortune? Do you dream of owning your Rental properties but don't want to deal with the hassles of managing one? If yes, you've come to the right place. Buying a rental home can build you a healthy passive income, supplement your day job earnings, prepare you for a stress-free and early retirement, and give you financial independence. This book will teach you how to analyze rental property investments using

professional and unique real estate investment analysis techniques and strategies. Investing in Rental Properties shouldn't be a hassle if you have the perfect guide to show you your way around them. Why Pick This Book? In this book, you will learn about: 1. Pointers to look for when buying properties, how to know if you are getting the best deal. 2. How to buy low, do rehab, and rent high. 3. How to build your real estate team and the important people that will help you in your business. 4. How to analyze and invest in rental properties; when, why, and how you can start this business from scratch. 5. Creative and unique rent solutions and suggestions. 6. Untold excellent tips and tricks for beginners to get assured success in rental properties. 7. All about property and tenant management. This book also features my story and how I went from a middle-class teenager to a successful business woman in real estate. It'll help you get out of your cocoon and step into the world of investment. · It'll help you pave your path and lead a life that wasn't designed or chosen by your parents, your teachers, your influencers, society, or anyone but yourself. · This book will answer all your life-changing questions with tons of brand-new ideas, strategies, concepts, and theories. · It provides the most efficient rental property investment solutions and minimizing hassles in asset management; this book prioritizes to be the single guide that'll help you invest in rental properties from scratch! · It also features an in-depth explanation of every possible question that might arise in any real estate investors' mind. Each chapter features a specific step essential in investment in rental properties and how to get the most out of them with the least possible investment. Whether you are a beginner or a professional into real estate investing, this book will help you navigate every corner of this business and help you create a constant passive income flow that'll last you for a long time, helping you achieve your dream of easy and stress-free retirement. Ready to turn your dreams of being a real estate investor into a reality? Then hit the BUY NOW button!

1980 United States. General Services Administration

2010 Jedediah Purdy From the bestselling author of *For Common Things*, a brilliant and ambitious rethinking of the meaning of property in democratic society In his latest book, Jedediah Purdy takes up a question of deep and lasting importance: why is property ownership a value to society? His answer returns us to the foundations of American society and enables us to interpret the writings of the patron saint of liberal economics, Adam Smith, in a wholly new light. Unlike Milton Friedman and other free-market scholars, who consider property a key to efficient markets, Purdy draws upon Smith's theories to argue that the virtues of wealth are social rather than economic. In Purdy's view, ownership does much more than shield one from government interference. Property shapes social life in ways that bring us closer to, or take us farther from, the ideal of a community of free and equal members. This view of property is neither

libertarian nor communitarian but treats the community as the precondition of individual freedom. This view informed U.S. law in the early days of the republic, Purdy writes, and it is one that we need to restore today. Touching upon some of the most charged issues in American politics and law, including slavery, inheritance, international development, and climate change, *The Meaning of Property* offers a compelling new view of property and freedom and enriches our understanding of democratic society.

1915 Etats-Unis. Bureau of the Census

2011-02-18 Steve Sims This comprehensive guide to understanding and paying less property tax for dummies is the best-value beginners book on the market. Covering everything from commercial buy-to-let and jet-to-let to property development and investing through a company, it explains a notoriously confusing subject in straightforward and easy to follow language. Packed full of tax saving tips and strategies, *Understanding and Paying Less Tax For Dummies* will help British property owners and investors minimise their tax bills and maximise their returns.

1891 Fustel de Coulanges

2015-10-28 Brandon Turner With more than 350,000 units sold worldwide, this fan-favorite will show you every strategy, tool, tip, and technique you need to become a millionaire rental property investor.

2021-03-09 Skye Warren "This. Book. The characters. You will fall in love with them, and you will devour this book so quickly, you'll end up wanting to read it all over again. I loved it!" — New York Times bestselling author Monica Murphy When I signed up for the nanny agency, I didn't expect a remote mansion on a windswept cliff. Or a brooding billionaire who resents his new role. His brother's death means he's now in charge of a moody seven year old girl. She's lashing out at the world, but I can handle her. I have to. I need the money to finish my college degree. As long as I can avoid the boss who alternately mocks me and coaxes me to reveal my darkest secrets. "An insanely absorbing and addicting contemporary tale reminiscent of *Jane Eyre* with all the sex and secrets you never knew you needed." — #1 New York Times bestselling author Rachel Van Dyken *PRIVATE PROPERTY* is a full-length contemporary novel from New York Times bestselling author Skye Warren about secrets and redemption. It's the first book in the emotional Rochester trilogy. "Skye Warren's modern, steamy retelling of *Jane Eyre* hooked me from page one! A moody, fast-paced and deliciously dirty read" — New York Times bestselling author Elle Kennedy "An incredible five star read! Skye Warren delivers an unconventional, yet utterly explosive romance in *Private Property*." — USA Today bestselling author Jenika Snow "Private Property is pure brilliance! I was hooked from page one. With steam and grit, Warren captures your attention and has you begging for the next chapter. Book gold!" — USA Today bestselling author Adriana Locke "A brooding billionaire, a gothic setting, and a whole lot of steam—Warren's nod to Jane

Eyre had me entranced from page one!" — #1 New York Times bestselling author Helen Hardt "I was up all night devouring every drop of the dark and dangerous Mr. Rochester." — New York Times bestselling author Laurelin Paige "Haunting, provocative, and riveting. This modern spin on gothic romance will have you on the edge of your seat!" — New York Times bestselling author Shayla Black "A compelling love story between a brooding hero and a determined heroine all set against a moody gothic background. You won't want to miss this." — USA Today bestselling author Louise Bay "Private Property will captivate you in the best way. I was a Skye Warren virgin before and I have zero regrets after taking the plunge! And trust me when I say, once you start, you won't be able to stop." — USA Today bestselling author Daniela Romero "Beautifully haunting and romantic! Private Property is completely captivating from the first page to the last." - Kate Canterbury, author of the Walsh Family series

1999-12-15 C.B. MacPherson The legitimate role of the state in relation to property and the justification of property institutions of various kinds are matters of increasing concern in the modern world. Political and social theorists, jurists, economists, and historians have taken

positions for and against the property institutions upheld in their time by the state, and further debate seems inevitable. This book brings together ten classic statements which set out the main arguments that are now appealed to and places them in historical and critical perspective. The extracts presented here - all substantial - are from Loeke, Rousseau, Bentham, Marx, Mill, Green, Veblen, Tawney, Morris Cohen, and Charles Reich. A note by the editor at the head of each extract highlights the arguments in it and relates it to the time at which it was written. Professor Macpherson's introductory and concluding essays expose the roots of some common misconceptions of property, identify current changes in the concept of property, and predict future changes. Macpherson argues that a specific change in the concept (which now appears possible) is needed to rescue liberal democracy from its present impasse. Property is both a valuable text on a crucial topic in political and social theory and a significant contribution to the continuing debate

1860 Emory Washburn

1981 Roger Bernhardt

2017-12-22 Andrew Baum A classic textbook that has guided generations of students through the intricacies of property valuation, *The Income Approach to Property Valuation* remains a keen favourite amongst students and teachers alike. This new edition has been thoroughly revised and updated to meet the increasingly international perspectives of modern Real Estate students. The links between theory and practice are clearly demonstrated throughout, with a range of new international case studies and practice-based examples. *The Income Approach to Property Valuation* teaches readers: how to analyse market rents and sales prices to derive market evidence to support an opinion of market value; the investment method of valuation and how it is applied in practice; how specific legal factors can impact on market value when they interfere with market forces; what the market and the profession may consider to be the 'right' methodology in today's market place; and how to use spreadsheets in valuation. This extensively revised new edition is perfect both for students on Real Estate courses worldwide and for professional candidates working towards their final assessment of professional competence (APC) for the Royal Institution of Chartered Surveyors, needing to demonstrate a valuation competence at levels 2 and 3.
