2012-10-12 Editors of Chase's Calendar of Events 12,500 entries. 196 countries. 365 days. Find out what's going on any day of the year, anywhere across the globe! If you're looking to tie a promotional event to a special month, create a suggested reading list based on a festival halfway around the world, blog about a historical milestone or do a celebrity birthday roundup on your radio show or Twitterfeed, Chase's Calendar of Events is the one resource that has it all. For broadcasters, journalists, event planners, public relations professionals, librarians, editors, writers or simply the curious, this is one reference you can't do without! Chase's Calendar of Events 2013 brings you: Milestones such as the 50th anniversary of the March on Washington, the 100th birth anniversary of civil rights activist Rosa Parks, the 150th anniversary of the Battle of Gettysburg and the 200th birth anniversaries of composers Giuseppe Verdi and Richard Wagner New birthday entries for sports stars such as Robert Griffin III (Feb 12); actors such as Jessica Chastain (Mar 24), Jean Dujardin (June 19) and Benedict Cumberbatch (July 19); musical artists such as Pitbull (Jan 15), Adam Levine (Mar 18) and Scotty McCreery (Oct 9); newsmakers such as Françoise Hollande (Aug 12) and many others Special events such as Dyngus Day (Apr 1), Bedbug Awareness Week (Apr 22-26), National Polka Festival (May 24-26), Lincoln Highway Centennial (June 30-July 5), Kids Take Over the Kitchen Day (Sept 13), the 34th America's Cup (Sept 7-22) or Steamcon V (Oct 25-27). Search Chase's Any Way You Want! Whether you want to target a specific date, location or subject, our fully searchable CD-ROM (PC-compatible only) makes your research quick and easy. Also included is a free installer, so you can load Chase's directly to your hard drive.

2013-10-04 Editors of Chase's Calendar of Events As featured on The Today Show! 12,500 entries. 196 countries. 365 days. Find out what's going on any day of the year, anywhere across the globe! If you're looking to tie a promotional event to a special month, create a suggested reading list based on a literary birth anniversary, travel to a music festival halfway around the world, blog about a historical milestone or do a celebrity birthday round-up on your radio show or Twitterfeed, Chase's Calendar of Events is the one resource that has it all. For broadcasters, journalists, event planners, public relations professionals, librarians, editors, writers or simply the curious, this is one reference you can't do without! Chase's Calendar of Events 2014 brings you: Major sporting events such as the Games of the XXII Winter Olympiad at Sochi, Russia (Feb 7-23), and the FIFA World Cup in Brazil (June 12-July 13). Milestones such as the 450th birth anniversary of William Shakespeare; the 200th anniversary of "The Star-Spangled Banner"; the 100th anniversaries of the beginning of World War I and the opening of the Panama Canal; the 75th anniversary of the beginning of World War II; the 50th anniversaries of the Civil Rights Act of 1964 and Beatlemania and much more. New birthday entries for sports stars such as Mo Farah (Mar 23), Ryan Lochte (Aug 3) and Gabrielle Douglas (Dec 31); actors such as

Kerry Washington (Jan 31), Lena Dunham (May 13) and Mads Mikkelsen (Nov 22); musical artists such as Carly Rae Jepsen (Nov 21) and Psy (Dec 31); and authors such as Téa Obreht (Sept 30) and Ann Patchett (Dec 2) and many others. Special days such as National Ferret Day (Apr 2), World Lindy Hop Day (May 26), Extra Mile Day (Nov 1), Lost and Found Day (Dec 12) and more. Search Chase's Any Way You Want! Whether you want to target a specific date, location or subject, our fully searchable CD-ROM (PC and MAC-compatible) makes your research quick and easy. Also included is a free installer, so you can load Chase's directly to your hard drive.

2022 Michael J. Yochim In his enthusiastic explorations and fervent writing, Michael J. Yochim "was to Yellowstone what Muir was to Yosemite. . . . Other times, his writing is like that of Edward Abbey, full of passion for the natural world and anger at those who are abusing it," writes foreword contributor William R. Lowry. In 2013 Yochim was diagnosed with ALS (Lou Gehrig's disease). While fighting the disease, he wrote *Requiem for America's Best Idea*. The book establishes a unique parallel between Yochim's personal struggle with a terminal illness and the impact climate change is having on the national parks--the treasured wilderness that he loved and to which he dedicated his life. Yochim explains how climate change is already impacting the vegetation, wildlife, and the natural conditions in Olympic, Grand Canyon, Glacier, Yellowstone, and Yosemite National Parks. A poignant and thought-provoking work, *Requiem for America's Best Idea* investigates the interactions between people and nature and the world that can inspire and destroy them.

2020-08-17 Shannon Butler Franklin Delano Roosevelt and his family may be most remembered for their time at 1600 Pennsylvania Avenue, but it was the Hudson Valley they called home. In Manhattan, the president's mother built a townhome on East Sixty-Fifth Street, and Eleanor was bo

2020-01-21 Ilan Stavans A momentous and diverse anthology of the influences and inspirations of Yiddish voices in America—radical, dangerous, and seductive, but also sweet, generous, and full of life—edited by award-winning authors and scholars Ilan Stavans and Josh Lambert. Is it possible to conceive of the American diet without bagels? Or Star Trek without Mr. Spock? Are the creatures in Maurice Sendak's *Where the Wild Things Are* based on Holocaust survivors? And how has Yiddish, a language without a country, influenced Hollywood? These and other questions are explored in this stunning and rich anthology of the interplay of Yiddish and American culture, edited by award-winning authors and scholars Ilan Stavans and Josh Lambert. It starts with the arrival of Ashkenazi immigrants to New York City's Lower East Side and follows Yiddish as it moves into Hollywood, Broadway, literature, politics, and resistance. We take deep dives into cuisine, language, popular culture, and even Yiddish in the other Americas, including Canada, Argentina, Cuba, Mexico, and Colombia. The book presents a bountiful menu of genres: essays, memoir,

song, letters, poems, recipes, cartoons, conversations, and much more. Authors include Nobel Prize-winner Isaac Bashevis Singer and luminaries such as Grace Paley, Cynthia Ozick, Chaim Grade, Michael Chabon, Abraham Cahan, Sophie Tucker, Blume Lempel, Irving Howe, Paula Vogel, and Liana Finck. Readers will laugh and cry as they delve into personal stories of assimilation and learn about people from a diverse variety of backgrounds, Jewish and not, who have made the language their own. The Yiddish saying states: *Der mentsh trakht un got lakht. Man plans and God laughs.* *How Yiddish Changed America and How America Changed Yiddish* illustrates how those plans are full of zest, dignity, and tremendous humanity. Most of all, the book shows us that Yiddish, far from being an endangered language, is more vibrant than ever. Praise for *How Yiddish Changed America and How America Changed Yiddish*: "A wide-ranging, eclectic anthology of work by Yiddish writers. Stavans and Yiddish Book Center academic director Lambert have assembled an impressive collection of essays, fiction, drama, memoir, poetry, cartoons, and interviews, all showing how 'Yiddish is so deeply woven into the fabric of the United States that it can sometimes be difficult to recognize how much it has transformed the world we live in today.'... Among all these are some stunners—e.g., 'Oedipus in Brooklyn,' a story by Blume Lempel (1907-1999) that begins with the line, 'Sylvia was no Jocasta.' Emma Goldman (1869-1940) writes fiercely about marriage, which she compares to an 'iron yoke.' In a poem about Coney Island, Victor Packer (1897-1958) writes, 'Beauty and crudity / Go hand in hand and / Launch a united front / Right there are on the sand.' [Cynthia] Ozick (b. 1928) compares Sholem Aleichem to Dickens, Twain, and Will Rogers. 'He was a popular presence, and stupendously so. His lectures and readings were mobbed; he was a household friend; he was cherished as a family valuable.' For readers unfamiliar with Yiddish writing, a revelation; for readers and aficionados of the language, a treasure." —Kirkus Reviews, Starred Review "For many people, this will be a poignant, surprising, and engrossing introduction to the epic survival story of a singular culture, requiring no foreknowledge of Yiddish, by two of the field's luminaries. For those of us whose grandparents spoke and understood, and whose parents only understood—no need to explain that we do neither—this book is the way back to a language that once meant everything." —Boris Fishman, author of *A Replacement Life* and *Savage Feast* "This volume is not a chronological exploration of the Yiddish language in America. Instead, the editors offer portions of some of the major works of Yiddish literature, poetry, comics, and political thought, by writers including Isaac Bashevis Singer, Chaim Grade, Cynthia Ozick, and Sophie Tucker, among others. A delightful chapter concentrates on culinary offerings with some recipes included. Finally, a fascinating chapter focuses on the influence of Yiddish in Canada, Argentina, Cuba, Mexico, and Columbia, offering a glimpse of Yiddishkeit outside Eurocentric views. VERDICT A wonderful compilation sure to please new and old lovers of Yiddish culture, Jewish history, and

linguistics.” —Library Journal “Who could resist the lure of a jar of kosher dills on a bright yellow book cover? Not I. In addition to the pickles what the cover promised was a certainty that the work represented on its pages, between essays, fiction, poems, cartoons, etc., would be co-chosen by the indefatigable Ilan Stavans, whose work I have followed for years. Divided into six parts, starting with ‘Politics and Possibilities’ and ending with ‘The Other Americas,’ one cannot help but be amazed by the breadth of Yiddish documents that have been found and preserved from the past, while marveling at the more contemporary writers who have added richness and are keeping Yiddish alive. This book is utterly fascinating and a true cultural artifact.” —Lucy Kogler, Literary Hub “Stavans and Lambert, both accomplished scholars, aspire to something far more substantial than the Yiddishisms and Jewish jokes that have come to be associated with Yiddishkayt in American pop culture.... [T]he reader is offered an astonishingly rich and diverse selection of poems, stories, memoirs, essays, plays, letters, conversations, recipes and reminiscences, as well as drawings, cartoons and posters by Yiddish artists, each one refracting a different point of view and a different point of light.” —Jonathan Kirsch, Jewish Journal

1997-12-11 Sheldon Cohen *Measuring Stress* is the definitive resource for health and social scientists interested in assessing stress in humans. With contributions from leading experts, this work provides for the first time a unified conceptual overview of the intricate relationship between stress and a variety of disorders. Its interdisciplinary approach to the selection of appropriate environmental, psychological, and biological measures includes comprehensive evaluations and practical advice regarding a wide range of measurement approaches. For environmental stress, techniques such as checklists and interviews that measure life event, daily event, and chronic stress are discussed. An analysis of psychological measurements includes methods for assessing stress appraisal and affective response. Neuroendocrine, cardiovascular, and immune measures are examined as important biological stress assessments. Contributors also uncover the conceptual underpinnings of each approach as well as the various costs and benefits of available assessment techniques. Reflecting the diversity of theoretical conceptions of stress, *Measuring Stress* masterfully provides integrative, incisive guidelines that will prove invaluable to students, clinicians, and researchers in health and social psychology, medicine, nursing, epidemiology, sociology, and psychiatry.

2022-04-19 Robert Spalding In its fight for global dominance, Communist China has thrown out the old rules of war. China expert General Robert Spalding walks us through their new playbook. Many Americans are finally waking up to the alarming reality of China's stealth war on the United States and puzzling over how to push back against its insidious infiltration. What few realize is that we have one real advantage in this war: the Chinese Communist Party strategy for total war has been written out in *Unrestricted Warfare*, the

Chinese book, well known there, that has become their new *Art of War*. In *War Without Rules*, retired Air Force Brigadier General Rob Spalding takes Americans inside *Unrestricted Warfare*. He walks readers through the principles of this book, revealing the Chinese belief that there is no sector of life outside the realm of war. He shows how the CCP itself has promised to use corporate espionage, global pandemics, and trade violations to achieve dominance. Most importantly, he provides insight into how, once Americans are aware of the tactics, we can fight back against CCP's creeping influence. More than a vital read for those interested in China, *War Without Rules* is essential reading for anyone—from policymakers and diplomats to businessmen and investors—finally waking up to the stealth war. Knowledge is power, and it's time to arm yourself.

2000 Diana Son *THE STORY: A poignant and funny play about the ways, both sudden and slow, that lives can change irrevocably*, says *Variety*. After Callie meets Sara, the two unexpectedly fall in love. Their first kiss provokes a violent attack that transfo

2018-04-01 Lynn Van der Wagen *Event Management*, specifically written for the Diploma of Event Management and Advanced Diploma of Event Management, is a comprehensive resource for anyone wanting to build their expertise in professional event management. This edition adopts a scaffold learning pedagogy, helping students move through the material logically and efficiently while building on their understanding of tourism, cultural, business and sporting events.

2016-04-21 Jr. Carson O Hudson Today, the City of Williamsburg, Virginia, lives in the shadow of the reconstructed historic area of the Colonial Williamsburg Foundation. Visitors come by the thousands annually to visit the recreated colonial town where the Founding Fathers walked. Sadly, a forgotten fact is that the very ground in Williamsburg where the Founding Fathers once walked was later soaked with the blood of their children and grandchildren during the Civil War. Most visitors are unaware that it is truly hallowed ground. This book is an attempt to tell some of the forgotten stories of when America was at war with itself.

2020-10-27 Editors of *Chase's* Find out what's going on any day of the year, anywhere across the globe! The world's date book since 1957, *Chase's* is the definitive, authoritative, day-by-day resource of what the world is celebrating and commemorating. From national days to celebrity birthdays, from historical anniversaries to astronomical phenomena, from award ceremonies and sporting events to religious festivals and carnivals, *Chase's* is the must-have reference used by experts and professionals—a one-stop shop with 12,500 entries for everything that is happening now or is worth remembering from the past.

Completely updated for 2021, *Chase's* also features extensive appendices as well as a companion website that puts the power of *Chase's* at the user's fingertips. 2021 is packed with special events and observances, including National days and public holidays of every nation on Earth The 400th anniversary of the Plymouth pilgrim Thanksgiving The 200th independence anniversary from Spain of its Central and South American colonies. The 100th anniversary of the Tulsa Race Massacre Scores of new special days, weeks and months Birthdays of new world leaders, office holders, and breakout stars And much more! All from the reference book that Publishers Weekly calls "one of the most impressive reference volumes in the world."

2005 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020.

2017-09-05 Maureen Boyle Eleven women went missing over the spring and summer of 1988 in New Bedford, Massachusetts, an old fishing port known as the Whaling City, where Moby Dick, Frederick Douglass, textile mills, and heroin-dealing represent just a few of the many threads in the community's diverse fabric. In *Shallow Graves*, investigative reporter Maureen Boyle tells the story of a case that has haunted New England for thirty years. The Crimes: The skeletal remains of nine of the women, aged nineteen to thirty-six, were discovered near highways around New Bedford. Some had clearly been strangled, others were so badly decomposed that police were left to guess how they had died. The Victims: All the missing women had led troubled lives of drug addiction, prostitution, and domestic violence, including Nancy Paiva, whose sister was a hard-working employee of the City of New Bedford, and Debra Greenlaw DeMello, who came from a solidly middle-class family but fell into drugs and abusive relationships. In a bizarre twist, Paiva's clothes were found near DeMello's body. The Investigators: Massachusetts state troopers Maryann Dill and Jose Gonsalves were the two constants in a complex cast of city, county, and state cops and prosecutors. They knew the victims, the suspects, and the drug-and-crime-riddled streets of New Bedford. They were present at the beginning of the case and they stayed to the bitter end. The Suspects: Kenneth Ponte, a New Bedford attorney and deputy sheriff with an appetite for drugs and prostitutes, landed in the investigative crosshairs from the start. He was indicted by a grand jury in the murder of one of the victims, but those charges were later dropped. Anthony DeGrazia was a loner who appeared to fit the classic serial-killer profile: horrific childhood abuse, charming, charismatic, but prone to bursts of violence. He hunted prostitutes in the city by night and served at a Catholic church by day. Which of these two was the real killer? Or was it someone else entirely? Maureen Boyle first broke the story in 1988 and stayed with it for decades. In *Shallow Graves* she spins a riveting narrative about the crimes, the victims, the hunt for the killers, and the search for justice, all played out against the backdrop of an increasingly impoverished community beset by drugs and crime. Drawing on more than one

hundred interviews, along with police reports, first-person accounts, and field reporting both during the killings and more recently, *Shallow Graves* brings the reader behind the scenes of the investigation, onto the streets of the city, and into the homes of the families still hoping for answers.

1989 U.S. Nuclear Regulatory Commission

2009-04-01 Robert Tuchman For the casual armchair fan to the fan who dreams of a front row seat at the games, *The 100 Sporting Events You Must See Live* provides invaluable information about tickets and travel as well as the parties and the pageantry for the top games across the sporting landscape. A detailed travel guide from Robert Tuchman, founder and president of the global leader in sports and entertainment promotion, TSE Sports & Entertainment, the book is replete with insider knowledge and expert advice. We are a list-obsessed people and sports-obsessed to boot, so this is a book that quenches our insatiable appetites for both. From the obvious to the obscure, Tuchman's list of must-see events is as thorough as it is controversial. What events made the top 100 and where did they rank? The book is sure to fire up sports fans everywhere. But more than a mere list, for each event the reader learns a detailed history of their favorite contests and all the background information to make a successful pilgrimage. Featuring also a list of honorable mentions that just missed the cut and a list of the top sports cities with arguments for what makes each city the perfect sports mecca, *The 100 Sporting Events You Must See Live* is a must for every sports fan's library.

2021-03-02 Rebecca Serle Book Club Favorites Reader's Guide on unnumbered pages.

2011 Roy C. Sullivan Run with the bulls, chase a cheese downhill and drink beers at the Oktoberfest. 'Sullivan's List - The Top 100 Most Amazing Events in the World' is now finally available. More than 350 adventurers all over the world shared their photos, tips and experiences with Sullivan's List. Each event has the most amazing pictures and best inside info.

2022-06-07 John Paul Brammer The popular LGBTQ advice columnist and writer presents a memoir-in-essays chronicling his journey growing up as a queer, mixed-race kid in America's heartland to becoming the "Chicano Carrie Bradshaw" of his generation.

2021-10-05 Mark Oppenheimer A piercing portrait of the struggles and triumphs of one of America's renowned Jewish neighborhoods in the wake of unspeakable tragedy that highlights the hopes, fears, and tensions all Americans must confront on the road to healing. Squirrel Hill, Pittsburgh, is one of the oldest Jewish neighborhoods in the country, known for its tight-knit community and the profusion of multigenerational families. On October 27, 2018, a gunman killed eleven Jews who were worshipping at the Tree of Life synagogue in Squirrel Hill—the most deadly anti-Semitic attack in American history. Many neighborhoods would be understandably subsumed by despair and recrimination after

such an event, but not this one. Mark Oppenheimer poignantly shifts the focus away from the criminal and his crime, and instead presents the historic, spirited community at the center of this heartbreak. He speaks with residents and nonresidents, Jews and gentiles, survivors and witnesses, teenagers and seniors, activists and historians. Together, these stories provide a kaleidoscopic and nuanced account of collective grief, love, support, and revival. But Oppenheimer also details the difficult dialogue and messy confrontations that Squirrel Hill had to face in the process of healing, and that are a necessary part of true growth and understanding in any community. He has reverently captured the vibrancy and caring that still characterize Squirrel Hill, and it is this phenomenal resilience that can provide inspiration to any place burdened with discrimination and hate.

2020-10-06 Rumaan Alam Now a Netflix film starring Julia Roberts, Mahershala Ali, Ethan Hawke, Myha'la, Farrah Mackenzie, Charlie Evans and Kevin Bacon. Written for the Screen and Directed by Sam Esmail. Executive Producers Barack and Michelle Obama, Tonia Davis, Daniel M. Stillman, Nick Krishnamurthy, Rumaan Alam A Read with Jenna Today Show Book Club Pick! Finalist for the 2020 National Book Award in Fiction One of Barack Obama's Summer Reads A Best Book of the Year From: The Washington Post \* Time \* NPR \* Elle \* Esquire \* Kirkus \* Library Journal \* The Chicago Public Library \* The New York Public Library \* BookPage \* The Globe and Mail \* EW.com \* The LA Times \* USA Today \* InStyle \* The New Yorker \* AARP \* Publisher's Lunch \* LitHub \* Book Marks \* Electric Literature \* Brooklyn Based \* The Boston Globe A magnetic novel about two families, strangers to each other, who are forced together on a long weekend gone terribly wrong. From the bestselling author of *Rich and Pretty* comes a suspenseful and provocative novel keenly attuned to the complexities of parenthood, race, and class. *Leave the World Behind* explores how our closest bonds are reshaped—and unexpected new ones are forged—in moments of crisis. Amanda and Clay head out to a remote corner of Long Island expecting a vacation: a quiet reprieve from life in New York City, quality time with their teenage son and daughter, and a taste of the good life in the luxurious home they've rented for the week. But a late-night knock on the door breaks the spell. Ruth and G. H. are an older couple—it's their house, and they've arrived in a panic. They bring the news that a sudden blackout has swept the city. But in this rural area—with the TV and internet now down, and no cell phone service—it's hard to know what to believe. Should Amanda and Clay trust this couple—and vice versa? What happened back in New York? Is the vacation home, isolated from civilization, a truly safe place for their families? And are they safe from one other?

2017-06-06 David Goodrich An epic bicycle journey across the American hinterland that explores the challenges of climate change alongside a diverse array of American voices. After a distinguished career in climate science as the Director of the UN Global Climate Observing System in Geneva, David Goodrich

returned home to the United States to find a nation and a people in denial. Concerned that the American people are willfully deluded by the misinformation about climate that dominates media and politics, David thought a little straight talk could set things right. As they say in Animal House, he decided that "this calls for a stupid and futile gesture on someone's part, and I'm just the guy to do it." Starting on the beach in Delaware, David rode his bike 4,200 miles to Oregon, talking with the people he met on the ultimate road trip. Along the way he learned a great deal about why climate is a complicated issue for many Americans and even more about the country we all share. Climate change is the central environmental issue of our time. But *A Hole in the Wind* is also about the people Dave met and the experiences he had along the way, like the toddler's beauty pageant in Delaware, the tornado in Missouri, rust-belt towns and their relationship with fracking, and the mined-out uranium ghost town in Wyoming. As he rides, David will discuss the climate with audiences varying from laboratories to diners to elementary schools. Beautifully simple, direct, and honest, *A Hole in the Wind* is a fresh, refreshing ride through a difficult and controversial topic, and a rich read that makes you glad to be alive.

2003-12-01 Tamas D. Gedeon Consider the problem of a robot (algorithm, learning mechanism) moving along the real line attempting to locate a particular point ? . To assist the mechanism, we assume that it can communicate with an Environment ("Oracle") which guides it with information regarding the direction in which it should go. If the Environment is deterministic the problem is the "Deterministic Point - cation Problem" which has been studied rather thoroughly [1]. In its pioneering version [1] the problem was presented in the setting that the Environment could charge the robot a cost which was proportional to the distance it was from the point sought for. The question of having multiple communicating robots locate a point on the line has also been studied [1, 2]. In the stochastic version of this problem, we consider the scenario when the learning mechanism attempts to locate a point in an interval with stochastic (i. e. , possibly erroneous) instead of deterministic responses from the environment. Thus when it should really be moving to the "right" it may be advised to move to the "left" and vice versa. Apart from the problem being of importance in its own right, the stochastic pointlocationproblemalsohas potentialapplications insolvingoptimization problems. Inmanyoptimizationsolutions-forexampleinimage processing, pattern recognition and neural computing [5, 9, 11, 12, 14, 16, 19], the algorithm works its way from its current solution to the optimal solution based on information that it currently has. A crucial question is one of determining the parameter which the optimization algorithm should use.

1989 Robert Headland This book lists Antarctic expeditions and related historical events from 700 BC to the time of publication in 1989.

2021 Kaoru Ueda Japan's Meiji Restoration

brought swift changes through Japanese adoption of Western-style modernization and imperial expansion. *Fanning the Flames* brings together a range of scholarly essays and collected materials from the Hoover Institution Library & Archives detailing how Japanese propaganda played an active role in fostering national identity and mobilizing grassroots participation in the country's transformation and wartime activities, starting with the First Sino-Japanese War to the end of World War II.

2006

2021-09-28 Charles Gallagher *The forgotten history of American terrorists who, in the name of God, conspired to overthrow the government and formed an alliance with Hitler. On January 13, 1940, FBI agents burst into the homes and offices of seventeen members of the Christian Front, seizing guns, ammunition, and homemade bombs. J. Edgar Hoover's charges were incendiary: the group, he alleged, was planning to incite a revolution and install a "temporary dictatorship" in order to stamp out Jewish and communist influence in the United States. Interviewed in his jail cell, the front's ringleader was unbowed: "All I can say is 'long live Christ the King! Down with communism!'"* In *Nazis of Copley Square*, Charles Gallagher provides a crucial missing chapter in the history of the American far right. The men of the Christian Front imagined themselves as crusaders fighting for the spiritual purification of the nation, under assault from godless communism, and they were hardly alone in their beliefs. The front traced its origins to

vibrant global Catholic theological movements of the early twentieth century, such as the Mystical Body of Christ and Catholic Action. The front's anti-Semitism was inspired by Sunday sermons and by lay leaders openly espousing fascist and Nazi beliefs. Gallagher chronicles the evolution of the front, the transatlantic cloak-and-dagger intelligence operations that subverted it, and the mainstream political and religious leaders who shielded the front's activities from scrutiny. *Nazis of Copley Square* offers a grim tale of faith perverted to violent ends, and its lessons provide a warning for those who hope to stop the spread of far-right violence today.

2017-11-06 Bill Mefford *The locus of God's change and transformation in the world is through local groups of believers immersed in relationships among those directly impacted by injustice. Movements for justice throughout history have always been powered by grassroots people with shared passion and vision for concrete change in the face of injustice. This book is geared to help local churches to engage in the transformative and missional work of justice. Based on the first four chapters in Esther and drawn from real stories of real people creating real change, this book is perfect for small groups, Sunday school classes, student groups, or mission teams that want to be inspired and find practical steps to take to mobilize people in their local churches to participate in God's call to change the world. Be a part of the movement among God's people for justice. Join the Fig Tree Revolution!*
