2020-03-31 Kwame Onwuachi “Kwame Onwuachi’s story shines a light on food and culture not just in American restaurants or African American communities but around the world.” —Questlove By the time he was twenty-seven years old, Kwame Onwuachi had opened—and closed—one of the most talked about restaurants in America. He had sold drugs in New York and been shipped off to rural Nigeria to “learn respect.” He had launched his own catering company with twenty thousand dollars made from selling candy on the subway and starred on Top Chef. Through it all, Onwuachi’s love of food and cooking remained a constant, even when, as a young chef, he was forced to grapple with just how unwelcoming the food world can be for people of color. In this inspirational memoir about the intersection of race, fame, and food, he shares the remarkable story of his culinary coming-of-age; a powerful, heartfelt, and shockingly honest account of chasing your dreams—even when they don’t turn out as you expected.

2013-11-08 Alice (Barrie) M. Scardino Bradley Richly illustrated with rare period photographs, Houston’s Hermann Park: A Century of Community provides a vivid history of Houston’s oldest and most important urban park. Author and historian Barrie Scardino Bradley sets Hermann Park in both a local and a national context as this grand park celebrates its centennial at the culmination of a remarkable twenty-year rejuvenation. As Bradley shows, Houston’s development as a major American city may be traced in the outlines of the park’s history. During the early nineteenth century, Houston leaders were most interested in commercial development and connecting the city via water and rail to markets beyond its immediate area. They apparently felt no need to set aside public recreational space, nor was there any city-owned property that could be so developed. By 1910, however, Houston leaders were well aware that almost every major American city had an urban park patterned after New York’s Central Park. By the time the City Beautiful Movement and its overarching Progressive Movement reached the consciousness of Houstonians, Central Park’s designer, Frederick Law Olmsted, had died, but his ideals had not. Local advocates of the City Beautiful Movement, like their counterparts elsewhere, hoped to utilize political and economic power to create a beautiful, spacious, and orderly city. Subsequent planning by the renowned landscape architect and planner George Kessler envisioned a park that would anchor a system of open spaces in Houston. From that groundwork, in May 1914, George Hermann publicly announced his donation of 285 acres to the City of Houston for a municipal park. Bradley develops the events leading up to the establishment of Hermann Park, then charts how and why the park developed, including a discussion of institutions within the park such as the Houston Zoo, the Japanese Garden, and the Houston Museum of Natural Science. The book’s illustrations include plans, maps, and photographs both historic and recent that document the accomplishments of the Hermann Park Conservancy since its founding in 1992.

Royalties from sales will go to the Hermann Park Conservancy for stewardship of the park on behalf of the community.

2024-01-01 Insight Guides This Insight Guide is a lavishly illustrated inspirational travel guide to Oregon and a beautiful souvenir of your trip. Perfect for travellers looking for a deeper dive into the destination's history and culture, it's ideal to inspire and help you plan your travels. With its great selection of places to see and colourful magazine-style layout, this Oregon guidebook is just the tool you need to accompany you before or during your trip. Whether it's deciding when to go, choosing what to see or creating a travel plan to cover key places like Downtown Portland and Albany, it will answer all the questions you might have along the way. It will also help guide you when you'll be exploring Crater Lake National Park or discovering the Cascade Mountains on the ground. Our Oregon travel guide was fully-updated post-COVID-19. The Insight Guide Oregon covers: Portland and around, Oregon Coast, Mt. Hood and Columbia River Gorge, Eastern Oregon, Central Oregon, Southern Oregon, Willamette Valley. In this guide book to Oregon you will find: IN-DEPTH CULTURAL AND HISTORICAL FEATURES Created to provide a deeper dive into the culture and the history of Oregon to get a greater understanding of its modern-day life, people and politics. BEST OF The top attractions and Editor's Choice featured in this Oregon guide book highlight the most special places to visit. TIPS AND FACTS Up-to-date historical timeline and in-depth cultural background to Oregon as well as an introduction to Oregon's food and drink, and fun destination-specific features. 2020-05-26 Don Pitcher 'Island time' isn't just for the tropics: Escape to evergreen forests, pebbled shorelines, and the glittering sea with Moon San Juan Islands. Inside you'll find: Flexible itineraries like a 4-day best of the islands and a weeklong family camping trip, with coverage of gateway towns such as Anacortes, Whidbey Island, and Bellingham, plus nearby Seattle and Victoria Unique experiences and can't-miss sights: Picnic on cliffs overlooking the ocean or paddleboard on a tranquil lake. Spot playful orcas and check out the Whale Museum in Friday Harbor. Visit

local farms filled with fragrant lavender or fluffy alpaca and sip wine or cider at island vineyards. Savor the flavors of the Pacific Northwest at incredible farm-to-table restaurants, sample oysters fresh from the sea, or browse your way through quirky book stores and funky antique shops The best outdoor adventures: Go sea kayaking alongside whales or glide through glimmering nighttime waters during a bioluminescence tour. Set your sights on the islands' marine life, including killer whales, humpback whales, porpoises, and seals, during a whale-watching trip. Sail around the islands or fish for salmon, cod, and halibut. Take a forest hike, spot rare birds, or bike through rolling farm country and along the stunning shorelines Expert advice from former wilderness ranger Don Pitcher on when to go, how to get around, and where to stay, from romantic B&Bs to stunning campsites Full-color photos and detailed maps throughout Thorough information on the landscape, climate, wildlife, and history With Moon's practical tips and local insight, you can experience the San Juan Islands your way. Hitting the road? Try Moon Pacific Northwest Road Trip. Seeing more of The Evergreen State? Check out Moon Washington or Moon Seattle.

2016-09-01 Joe Cuhaj Whether you're a curious tourist or a local history buff, this guidebook contains all the tools you'll need to explore the Heart of Dixie's history. From ruins to battlefields, each of the 40 featured hikes comes with helpful maps and directions, as well as a carefully researched impression of the trail, and a comprehensive guide to the area's natural and human history.

2020-04-13 Detlev Henschel Dr. Detlev Henschel, der deutsche Expeditionsschriftsteller par excellence, wandert zu Fuß zusammen mit seiner Lebenspartnerin Katrin durch Nordamerika, acht Monate lang, 8.000 Kilometer weit. Die letzte Episode ihrer Hinterland-Trilogie (Japan, Australien, Nordamerika) leitet sie entlang alter Pionier Routen, die Jahrhunderte lang von Schicksalen und Geschichten zeugen. Der Streifzug führt sie vom frühlingshaften Los Angeles, Kalifornien, USA bis nach St. John's, Neufundland, Kanada, dem östlichsten Punkt des nordamerikanischen Kontinents. Auf ihrer Wanderung durch einen Kontinent, wo Massaker und der Tagesordnung sind, entdecken sie das Herz des Kontinents im Fly-over Land mit Amerikanern, die so anders sind, als die Medien es uns glauben lassen wollen. Polizisten, die sie von County zu County 'beschützen', Menschen, die sie beschenken, weil sie so arm sind, dass die laufen müssen und ein Klima, welches sie an den Rand der Erschöpfung bringt. Das Paar durchquert die Mojave Wüste, die Navajo Nation, sowie die schier endlose Prairie in der 'Tornado Alley' und taucht in die dichten Wälder der Ostküste ein. Nova Scotia sowie Neufundland ist für die geprüften Sibirien Reisenden eine neue Erfahrung. Der brillante Abenteuerbericht ihrer Reise durch den Nordamerikanischen Kontinent ist ausdrucksstark und feinsinnig und doch erschreckend. Denn er zeugt auch von der gnadenlosen Härte einer Invasion unserer sogenannten Zivilisation. Das Buch Zu Fuß durch Nordamerika ist in sich abgeschlossen

und der dritte Teil der "Hinterland-Trilogie"-Reihe. 1. Im Herzen Australiens Abenteuer Outback Im Offroader, im Kajak und zu Fuß Westaustralien Hinterland-Trilogie Band I (Dezember 2015) 2. Im Herzen Australiens Abenteuer Outback Im Offroader, im Kajak und zu Fuß Ostaustralien + Tasmanien Hinterland-Trilogie Band II (August 2017) 3. Japans Hinterland 3000 km zu Fuß durch Japans ländliche Gebiete Tagebuch mit 551 Bildern Hinterland-Trilogie Band IV (Juni 2013)

2019-07-16 Patrick Hook Ticket To Ride takes you through the history of roller coasters, from the first in seventeenth century St. Petersburg to today’s gigantic theme park attractions—complete with a tour of the most hair-raising and fantastic examples. The adrenaline rush of a roller coaster ride provides its fans with a leg-wobbling wave of euphoria and exhilaration unmatched by any other experience. It takes a certain amount of courage—or foolhardiness—to climb onto a roller coaster, but what a ride. Fans travel the world to experience the latest and most gut-wrenching rides, and they have quite a selection to choose from. Exactly who built the very first roller coasters is contentious, but they are generally agreed to have appeared in seventeenth century St. Petersburg, where they were made of ice and wood—accordingly nicknamed “Russian Mountains.” Now a staple of amusement parks and theme parks, the first patented roller coaster appeared in the first real theme park, at famed Coney Island in 1884. It was created by “Father of the Gravity Ride” LaMarcus Adna Thompson, an American inventor and amusement park pioneer. His “scenic railways” were a sensation, so much so that he opened six at Coney Island alone. The first golden age of the roller coaster ended with the Great Depression in tandem with the decline of amusement parks in general. A roller coaster revival did not begin until 1972, with the construction of The Racer at Kings Island, Ohio. This started the second golden age of the roller coaster and led, in turn, to the construction of rides like Rebel Yell (at Kings Dominion, Virginia) and Thunder Road (at Carowinds, North and South Carolina). In 1959, the first steel track roller coaster, called Matterhorn Bobsleds, appeared at Disneyland, California, leading the way with innovative loops and corkscrews. Aficionados have their favorites; some prefer steel roller coasters for their smoother ride and ability to turn their passengers upside-down as they fly around the tracks. Conversely, others prefer the more old-fashioned wooden roller coasters that rattle along and play with negative G-forces to provide “air time” for their passengers. Today, there are numerous types of roller coasters, which broadly divide into train-type coasters, mechanical coasters, and track layout coasters. Some of the favorites featured in this book include: Jurassic Park, Animal Kingdom theme park, Superman the Ride (Bizarro), Superman: Escape from Krypton, Batman The Ride, El Toro, Loop The Loop, Transformers: The Ride, Jack Rabbit, Th13teen, Saw: The Ride, London Eye, Back at the Barnyard Hayride, Great American Scream Machine, Revenge of the Mummy: The Ride, Apollo's Chariot, Apocalypse, Big Dipper Roller Coaster, Boomerang Coaster, Dragon, Cyclone,

Medusa,Thunderbolt, The Sea Dragon, Alpine Bobsled, Rattlesnake, Shockwave, Full Throttle, Goliath, Joker 4-D coasters, Phantom’s Revenge, The Big One, The Ultimate,Centrifugal Railways, Oblivion, Klondike Gold Mine, Dreamland park, and more. Ticket To Ride looks at the development of roller coasters and how they have evolved into the biggest theme park attractions in the world, taking you on a tour of the greatest, most spectacular examples.

2020-11-24 Amie Gabriel There are defining moments in a woman’s life when something happens – either by choice or circumstance – that changes everything. Praise for Kintsukuroi Heart ￼￼￼￼ Couldn't put it down! Verified Purchase “The stories in this book are thoughtfully written with beautiful descriptive language and themes that we can all connect with and learn from.” ￼￼￼￼ Wonderful honest read. Verified Purchase “I really loved this book. HIGHLY recommend for anyone struggling with life's inevitable roadblocks and how to successfully move past them in a meaningful lasting way.” ￼￼￼￼ If this book comes to you read it! Verified Purchase “It will change you and infuse your brokenness with gold. Told in short stories with a surprising twist at the end it has the ability to heal you.” ￼￼￼￼ My highest recommendations! Verified Purchase “I love this book. So much. Amie Gabriel has written with emotional honesty that will make you cry and sometimes laugh. Such is life, right? If you’ve ever struggled with life you will be able to relate. Realize that you are not alone and that not only will you survive but that evidence of your cracks just make you more beautiful.” About Kintsukuroi Heart Different ages. Different decades. Different circumstances. There are specific events in our lives that shift our paths, write our stories and break our hearts, adding layers, depth and complexity to the clean-slated girls we once were. Each chapter in Part I of Kintsukuroi Heart is a non-fiction stand-alone story. A collection of vignettes offering glimpses of the exact moment in a woman’s life when something happens, either by choice or circumstance, that changes her course. In Part II we see how these experiences, though deeply personal and unique, are the threads that intertwine and connect us all, fostering compassion and empathy for one another and, hopefully, for ourselves. In Part III we see how, as women, like all forces of nature and works of art, our beauty is formed through refraction, revealed in dimension and contrast, shadow and light, our benevolence becoming both the result and the salve, the subject and lens. The road may be beastly but the result, if allowed, can be spectacular. “Kintsukuroi: kin-tsU-kU-roi (noun) (v. phr.) ‘To repair with gold.’ The Japanese art of mending broken pottery with lacquer dusted or mixed with powdered gold, silver, or platinum. As a philosophy, it treats breakage and repair as part of the history of an object rather than something to disguise, understanding that the piece becomes more beautiful for having been broken. 2007-10-03 John Kinnick Situated in the Cascades about 50 miles east of Seattle, Snoqualmie Pass is intersected by the most heavily used route connecting eastern and western Washington. In the 1800s, use of the old Native American trail by explorers, cattlemen, and miners created a need for a wagon road. A railway and highway followed, and Snoqualmie Pass quickly developed into an all-season recreational paradise with over a half million visitors annually. Known for easy access to snow sports and the Alpine Lakes Wilderness area, nighttime ski operations, and the world-famous terrain of Alpental, Snoqualmie Pass is also a community of neighborhoods with both full-time and part-time residents who share a unique mountain lifestyle.

2018-11-07 Collectif Cet ebook est une version numérique du guide papier sans interactivité additionnelle. Le Routard, le meilleur compagnon de voyage depuis 45 ans.Dans cette nouvelle édition du Routard Inde du Nord vous trouverez une première partie en couleurs avec des cartes et des photos, pour découvrir plus facilement le pays et repérer nos coups de coeur ; des suggestions d'itinéraires et des informations pratiques pour organiser votre séjour ; des adresses souvent introuvables ailleurs ; des visites culturelles originales en dehors des sentiers battus ; des infos remises à jour chaque année et plus de 70 cartes et plans détaillés.Merci à tous les Routards qui partagent nos convictions : Liberté et indépendance d'esprit ; découverte et partage ; sincérité, tolérance et respect des autres.

2021-01-26 David Fajgenbaum LOS ANGELES TIMES AND PUBLISHERS WEEKLY BESTSELLER • The powerful memoir of a young doctor and former college athlete diagnosed with a rare disease who spearheaded the search for a cure—and became a champion for a new approach to medical research. “A wonderful and moving chronicle of a doctor’s relentless pursuit, this book serves both patients and physicians in demystifying the science that lies behind medicine.”—Siddhartha Mukherjee, New York Times bestselling author of The Emperor of All Maladies and The Gene David Fajgenbaum, a former Georgetown quarterback, was nicknamed the Beast in medical school, where he was also known for his unmatched mental stamina. But things changed dramatically when he began suffering from inexplicable fatigue. In a matter of weeks, his organs were failing and he was read his last rites. Doctors were baffled by his condition, which they had yet to even diagnose. Floating in and out of consciousness, Fajgenbaum prayed for a second chance, the equivalent of a dramatic play to second the game into overtime. Miraculously, Fajgenbaum survived—only to endure repeated near-death relapses from what would eventually be identified as a form of Castleman disease, an

extremely deadly and rare condition that acts like a cross between cancer and an autoimmune disorder. When he relapsed while on the only drug in development and realized that the medical community was unlikely to make progress in time to save his life, Fajgenbaum turned his desperate hope for a cure into concrete action: Between hospitalizations he studied his own charts and tested his own blood samples, looking for clues that could unlock a new treatment. With the help of family, friends, and mentors, he also reached out to other Castleman disease patients and physicians, and eventually came up with an ambitious plan to crowdsource the most promising research questions and recruit world-class researchers to tackle them. Instead of waiting for the scientific stars to align, he would attempt to align them himself. More than five years later and now married to his college sweetheart, Fajgenbaum has seen his hard work pay off: A treatment he identified has induced a tentative remission and his novel approach to collaborative scientific inquiry has become a blueprint for advancing rare disease research. His incredible story demonstrates the potency of hope, and what can happen when the forces of determination, love, family, faith, and serendipity collide. Praise for *Chasing My Cure* “A page-turning chronicle of living, nearly dying, and discovering what it really means to be invincible in hope.”—Angela Duckworth, #1 New York Times bestselling author of *Grit* “[A] remarkable memoir . . . Fajgenbaum writes lucidly and movingly . . . Fajgenbaum’s stirring account of his illness will inspire readers.”—Publishers Weekly

2015-05-25 Michael Heydt If you are interested in quantitative finance, financial modeling, and trading, or simply want to learn how Python and pandas can be applied to finance, then this book is ideal for you. Some knowledge of Python and pandas is assumed. Interest in financial concepts is helpful, but no prior knowledge is expected.

2019-12-31 Debby L. Johnston When a mysterious boy arrives at her bedside, a despairing young accident victim resents his intrusion. Twelve-year-old Cricket Dalton is convinced her life is over. What good is living if you can’t move or feel anything below your neck? And, worse yet, you’ve been relegated indefinitely to a dreary nursing home. The mysterious Josh makes Cricket talk, and he nearly force-feeds her pancakes to get her to eat. Then, one day, Josh introduces Cricket to his magic onyx stones. With one click of the stones, the two of them fly to a city on an unknown planet. There, Cricket and Josh are forced to escape from a heartless crowd. As they flee, they encounter other people in hiding—people who survive on nightly dumpster raids and a promise that one day a savior will come for them. Their plight reminds Cricket of Biblical End Times’ prophecies on Earth, but their future seems more hopeless. Cricket’s heart breaks for the little children trapped in the sunless underground labyrinth, and she and Josh devise a way to bring them

food. With every visit, Cricket criticizes their God as having abandoned them. But, little by little, through the fugitives’ stories of past persecution and rescue, the underground people convince her that hope does exist. They convince Cricket that the timeline of the prophecies indicates their rescue is near--to be preceded by a massive earthquake that will either bury or deliver them. Back at the nursing home, other changes are taking place. A new black nurse becomes Cricket’s staunch defender and champion. A misguided nursing home director has taken extreme measures to uncover why, some mornings, Cricket’s gown and bed socks indicate she has been walking. “Is your paralysis a sham, Missy?” the woman challenges. How can Cricket explain about the onyx-stone adventures and how, while on them, she can, indeed, walk? Surely, no one would believe her. But the new nurse, Marlene Grace, takes a chance. And Marlene Grace’s dedication and love promise to make Cricket’s quadriplegic life full and blessed. That promise is threatened, however, when, on a startling trip back to the planet, Cricket and Josh join their underground friends in a panicked race to escape the collapse of the labyrinth. The earthquake has begun . . .

2017-09-01 Lonely Planet Lonely Planet Kaua’i is your passport to the most up-to-date advice on what to see and skip, and what hidden discoveries await you. Kayak through sea caves along the Na Pali Coast, absorb the grand vistas of the Waimea Canyon, or surf the breaks at beautiful Hanalei Bay; all with your trusted travel companion.

2018-10-01 Caroline Eubanks You may think you know the South for its food, its people, its past, and its stories, but if there’s one thing that’s certain, it’s that the region tells far more than one tale. It is ever-evolving, open to interpretation, steeped in history and tradition, yet defined differently based on who you ask. This *Is My South* inspires the reader to explore the Southern States--Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Virginia--like never before. No other guide pulls together these states into one book in quite this way with a fresh perspective on can’t-miss landmarks, off the beaten path gems, tours for every interest, unique places to sleep, and classic restaurants. So come see for yourself and create your own experiences along the way!

2016-08-19 Jack Hartt The unofficial but highly detailed exploration of Deception Pass! Having managed Deception Pass State Park for over a dozen years, Jack has come to know the park inside and out. With whimsy and wonderment, this guide shares insights into the places to explore, the plants and animals, the history, and the people who make it happen. Inside you will find practical suggestions to deepen your appreciation of the park, and to make your next adventures there more meaningful and memorable.

2017 Daniel Gibson This invaluable book tells

you everything there is to know about skiing and snowboarding in the Land of Enchantment, with thousands of helpful details on the state's downhill ski resorts and cross-country and backcountry venues. Each ski area is profiled in a separate chapter, including details on facilities and services such as childcare and instructional options; statistics like average snowfall, vertical drop, and lift capacity; transportation options, including shuttle and bus services; and prices of lift tickets, rental equipment, and lessons. Gibson also includes historical facts about each ski area and its founders, suggestions for best runs by type of terrain, activities off the slopes, and notes on his favorite places to stay and eat. Separate chapters on cross-country and backcountry downhill skiing are equally informative.

2019-09-03 Barbara H Roberts For decades starting in the 1950s, Raymond Patriarca ran the New England Mafia out of a storefront in Providence, Rhode Island. By 1980 he was seventy-two years old, and suffering from diabetes and heart disease. One night in December of that year his life intersected with that of Dr. Barbara Roberts, a thirty-six-year old single mother of three, who was the first female cardiologist to practice in Rhode Island. Asked by Raymond's family to check on him after he was arrested on capital charges, Barbara--a naive Alice in Wonderland--entered a looking-glass world populated by pitfalls, moral ambiguities and dangers for which her devout upbringing had not prepared her. How did a former Catholic schoolgirl from a working-class family become the physician and defender of one Mafioso, and the mistress of another? How did her children handle these scandalous associations and the resulting hostile publicity--and what were the reactions of their fathers? Expanding on the story first told in the popular *Crimetown* podcast, this memoir is a tale of motherhood, political activism, controversy, heartbreak and survival; it traces one woman's trajectory against the backdrop of America's 20th century upheavals.

2020-11-17 Thomas M. Spencer Discover the Best Hikes in Birmingham, Alabama Where railroads ran and mines once burrowed into mountains, the healed landscape is repurposed for beautiful hiking and biking opportunities. New and expanding venues around the city provide more chances to get outside and to appreciate the labor and industry that built the city. Explore 35 of Birmingham’s best, five-star trails, divided into six distinct areas in and around the city. With the expert guidance of local author Thomas M. Spencer, you’ll find yourself on an Appalachian mountain peak or on the banks of the Cahaba River, as it broadens to snake through the Coastal Plain. Visit old-growth forest in the Sipsey Wilderness, or hike down into the “Grand Canyon of the East” at Little River Canyon. Across this landscape, you’ll find a diversity of plant and animal species—some rare and endangered—rivaling those found anywhere else in North America. Book Features: Descriptions of 35 five-star hiking trails for all levels and interests GPS-based trail maps, elevation profiles, and detailed directions to trailheads Insight into the history, flora, and fauna of the routes Ratings for scenery,

difficulty, trail condition, solitude, and accessibility for children Lace up, grab your pack, and hit the trail!

2021-10-19 Rick McIntyre From the renowned wolf researcher and author of The Rise of Wolf 8 and The Reign of Wolf 21 comes a stunning account of an unconventional alpha male. A lover, not a fighter. That was wolf 302. A renegade with an eye for the ladies, 302 was anything but Yellowstone’s perfect alpha male. For starters, he fled from danger. He begged for food from other wolves, ditched females he’d gotten pregnant, and even napped during a heated battle with a rival pack! But this is not the story of 302’s failures. This is the story of his dramatic transformation. And legendary wolf writer Rick McIntyre witnessed it all from the sidelines. As McIntyre closely observed with his spotting scope, wolf 302 began to mature, and, much to McIntyre’s surprise, became the leader of a new pack in his old age. But in a year when game was scarce, could the aging wolf provide for his family? Had he changed enough to live up to the legacies of the great alpha males before him? Recounted in McIntyre’s captivating storytelling voice and peppered with fascinating insights into wolf behavior, The Redemption of Wolf 302 is a powerful coming-of-age tale that will strike a chord with anyone who has struggled to make a change, big or small. “With this third installment of Rick McIntyre’s magnum opus, the scope and ambition of the project becomes clear: nothing less than a grand serialization of the first twenty years of wolves in Yellowstone, a kind of lupine Great Expectations.”—Nate

Blakeslee, New York Times-bestselling author of American Wolf
