2021 Daniel Gibson and Jay Blackwood New Mexico's long and distinguished skiing history began with the miners of the late 19th century and its pioneer settlers. Ski area development was launched in the 1930s in the Sandia Mountains near Albuquerque and quickly spread to the southernmost range of the Rocky Mountains--the Sangre de Cristos, north of Santa Fe. Students of a boarding school, the Los Alamos Ranch School, took up the sport in the Jemez Mountains, and when the school was occupied in the 1940s by American and international scientists like Neils Bohr working to create the world's first atomic bomb, they enthusiastically pursued skiing in their rare spare time. Taos Ski Valley's founding in 1955 elevated the scene to world-class status, and today, there are eight major downhill ski areas and one cross-country center stretching from the deserts of south-central New Mexico to the Colorado border.	wide-ranging anthology. 	2011-12-08 David Rodriguez Starting with the sinister rumblings of World War II in 1939 up to the jubilant celebration of its end in 1945 and the bitter aftermath, this sweeping saga recounts the experiences of Pawel, a Polish Jew from Krakow. Pawel and his family are the early victims of the ravages of war. He narrowly escapes the concentration camps to become a member of the French Resistance, before being rescued by the British and enlisted in the Royal Air Force. As the war escalates, Pawel and his fellow pilots engage in dangerous rescue missions and air combat across North Africa, Asia, the Mediterranean, Australia, and Europe, in a series of historic encounters that culminate in the Battle of Berlin. Against the background of death and destruction, Pawel fathers two children. His former Austrian fianc, Ada Eissmann, has spurned their love to return to her Nazi heritage, and has disowned their relationship and his paternity of the child she carries. After finding love again with Janelle and fathering her child, he is separated from her when they have to flee to safety to escape the Nazi death squads. 2017-09-30 Daniel Gibson This invaluable book tells you everything there is to know about skiing and snowboarding in the Land of Enchantment, with thousands of helpful details on the state's downhill ski resorts and cross-country and backcountry venues. Each ski area is profiled in a separate chapter, including details on facilities and services such as childcare and instructional options; statistics like average snowfall, vertical drop, and lift capacity; transportation options, including shuttle and bus services; and prices of lift tickets, rental equipment, and lessons. Gibson also includes historical facts about each ski area and its founders, suggestions for best runs by type of terrain, activities off the slopes, and notes on his favorite places to stay and eat. Separate chapters on cross-country and backcountry downhill skiing are equally informative.

Ellie Hall She doesn't want another hero. He believes relationships can ruin lives. Brynn Powell had a tough childhood and after her husband died in the line of duty, she leaves the city for the small-town of Hawk Ridge Hollow to start over as a teacher. Aside from her lively classroom, she leads a quiet life fixing up an old house and would like to keep it that way. Owen Hawkins, former Olympian, cop, and single father moves to the town where he grew up to give his daughter

a sense of belonging even though he'd turned his back on his brothers. He isn't looking for anyone to replace his ex-wife, especially not the pretty kindergarten teacher. She needs a room parent and he's perfect. He needs someone to look after his little girl because he works the night shift. The arrangement suits them just fine until they start turning to each other for laughs, for friendship, for something more... Brynn's thankful that she has Owen in her life. He and his daughter are like the family she's always wanted. Then she makes a mistake and oversteps a boundary. Owen isn't sure he can forgive her. But he hasn't told her his entire story either. They're both keeping secrets. Can they trust each other? Can they trust themselves to love again? This is book 4 in the Hawkins Family Romance series. Each book stands alone but reading them in order provides a deeper, richer experience. It is a sweet, "clean and wholesome" romance without swearing or mature content and contains a happily ever after.

2020-03-31 Kwame Onwuachi "Kwame Onwuachi's story shines a light on food and culture not just in American restaurants or African American communities but around the world." —Questlove By the time he was twenty-seven years old, Kwame Onwuachi had opened—and closed—one of the most talked about restaurants in America. He had sold drugs in New York and been shipped off to rural Nigeria to "learn respect." He had launched his own catering company with twenty thousand dollars made from selling candy on the subway and starred on Top Chef. Through it all, Onwuachi's love of food and cooking remained a constant, even when, as a young chef, he was forced to grapple with just how unwelcoming the food world can be for people of color. In this inspirational

memoir about the intersection of race, fame, and food, he shares the remarkable story of his culinary coming-of-age; a powerful, heartfelt, and shockingly honest account of chasing your dreams—even when they don't turn out as you expected.

2019-07-16 Patrick Hook Ticket To Ride takes you through the history of roller coasters, from the first in seventeenth century St. Petersburg to today's gigantic theme park attractions—complete with a tour of the most hair-raising and fantastic examples. The adrenaline rush of a roller coaster ride provides its fans with a leg-wobbling wave of euphoria and exhilaration unmatched by any other experience. It takes a certain amount of courage—or foolhardiness—to climb onto a roller coaster, but what a ride. Fans travel the world to experience the latest and most gut-wrenching rides, and they have quite a selection to choose from. Exactly who built the very first roller coasters is contentious, but they are generally agreed to have appeared in seventeenth century St. Petersburg, where they were made of ice and wood—accordingly nicknamed "Russian Mountains." Now a staple of amusement parks and theme parks, the first patented roller coaster appeared in the first real theme park, at famed Coney Island in 1884. It was created by "Father of the Gravity Ride" LaMarcus Adna Thompson, an American inventor and amusement park pioneer. His "scenic railways"

were a sensation, so much so that he opened six at Coney Island alone. The first golden age of the roller coaster ended with the Great Depression in tandem with the decline of amusement parks in general. A roller coaster revival did not begin until 1972, with the construction of The Racer at Kings Island, Ohio. This started the second golden age of the roller coaster and led, in turn, to the construction of rides like Rebel Yell (at Kings Dominion, Virginia) and Thunder Road (at Carowinds, North and South Carolina). In 1959, the first steel track roller coaster, called Matterhorn Bobsleds, appeared at Disneyland, California, leading the way with innovative loops and corkscrews.

Aficionados have their favorites; some prefer steel roller coasters for their smoother ride and ability to turn their passengers upside-down as they fly around the tracks. Conversely, others prefer the more old-fashioned wooden roller coasters that rattle along and play with negative G-forces to provide "air time" for their passengers. Today, there are numerous types of roller coasters, which broadly divide into train-type coasters, mechanical coasters, and track layout coasters. Some of the favorites featured in this book include: Jurassic Park, Animal Kingdom theme park, Superman the Ride (Bizarro), Superman: Escape from Krypton, Batman The Ride, El Toro, Loop The Loop, Transformers: The Ride, Jack Rabbit, Th13teen, Saw: The Ride, London Eye, Back at the Barnyard Hayride, Great

American Scream Machine, Revenge of the Mummy: The Ride, Apollo's Chariot, Apocalypse, Big Dipper Roller Coaster, Boomerang Coaster, Dragon, Cyclone, Medusa, Thunderbolt, The Sea Dragon, Alpine Bobsled, Rattlesnake, Shockwave, Full Throttle, Goliath, Joker 4-D coasters, Phantom's Revenge, The Big One, The Ultimate, Centrifugal Railways, Oblivion, Klondike Gold Mine, Dreamland park, and more. Ticket To Ride looks at the development of roller coasters and how they have evolved into the biggest theme park attractions in the world, taking you on a tour of the greatest, most spectacular examples.

2021-10-19 Rick McIntyre From the renowned wolf researcher and author of The Rise of Wolf 8 and The Reign of Wolf 21 comes a stunning account of an unconventional alpha male. A lover, not a fighter. That was wolf 302. A renegade with an eye for the ladies, 302 was anything but

Yellowstone's perfect alpha male. For starters, he fled from danger. He begged for food from other wolves, ditched females he'd gotten pregnant, and even napped during a heated battle with a rival pack! But this is not the story of 302's failures. This is the story of his dramatic transformation. And legendary wolf writer Rick McIntyre witnessed it all from the sidelines. As McIntyre closely observed with his spotting scope, wolf 302 began to mature, and, much to

McIntyre's surprise, became the leader of a new pack in his old age. But in a year when game was scarce, could the aging wolf provide for his family? Had he changed enough to live up to the legacies of the great alpha males before him? Recounted in McIntyre's captivating storytelling voice and peppered with fascinating insights into wolf behavior, *The Redemption of Wolf 302* is a powerful coming-of-age tale that will strike a chord with anyone who

has struggled to make a change, big or small. "With this third installment of Rick McIntyre's magnum opus, the scope and ambition of the project becomes clear: nothing less than a grand serialization of the first twenty years of wolves in Yellowstone, a kind of lupine *Great Expectations*."—Nate Blakeslee, New York Times bestselling author of *American Wolf*
